WHEN YOUR HAIR BRUSHES OUT Your hair is as sensitive as your skineven more so. It stands up under heavy hats, curling irons, and diseases of the scalp, etc.—But there is a limit. When you comb and brush your hair in the morning, watch for the "TRAILERS" that turn grey, fall out, and comb out with

the first morning brush.
You MUST know that there's something wrong. If your hair was in good health, it wouldn't fall out, nature never intended that. There is something wrong at the root of things-the hair needs a tonic-a restorer. When you are sick you take medicine. That is your first thought. Its turning grey,
